

Regularly treating wood helps repel particles and prevent stains and cracks. Condition board once a month or twice a month, depending on use.

INSTRUCTIONS:

1. Ensure the wood is clean and dry before applying board butter.
2. Use a clean cloth to spread the butter evenly over the board.
3. Rub the butter in and let it absorb for 30-60 minutes.
4. Buff in circular motion to remove excess.

TIPS: Store upright to avoid warping | Hand rinse only | **Do NOT submerge**

Do NOT place in dishwasher or microwave | Disinfect and deodorize using vinegar
Clean with coarse salt and lemon | Remove stains and deodorize using baking soda and coarse salt scrub | Avoid vegetable/nut-based oils as they can turn rancid | Sand using high grit sandpaper to remove knife marks

INGREDIENTS: food-safe mineral oil and beeswax.
